

## About ZOOM Professional Platform

The Canadian Institute for the Administration of Justice is hosting its [2020 National Roundtable on Administrative Law](#) virtually. You can attend this online program from the comfort of your own home or office. The Roundtable will be broadcast via the ZOOM professional platform, which meets high security standards. All the technical aspects of the ZOOM platform will be handled by a professional audio visual and event technology company.

### Key Benefits:

- Full access to a bilingual presentation (you can listen to the presentation in French or in English by listening to a live interpreter).
- Easy to follow PowerPoints which will be projected during the presentations on the same screen as the presenter's video.
- Interactive platform where you can raise your hand for questions.
- Each Canadian time zone has been considered so whether you are from the west or east coast, the timing works right.
- No need to travel!

### Top Security Parameters:

- A specific link and meeting ID are sent to each participant. It is also the responsibility of the participants to NOT share the access link.
- Access to the online program will require a password.
- Before entering the online program, there will be a waiting room where the technician will approve the participants to enter. The technician will have a list prior to the live program in order to only allow those who are registered to join.
- The program's video, audio and screen sharing will be encrypted (Advanced Encryption Standard)
- A designated meeting host will have access to the security options. This will allow them to lock the meeting, remove participants, disable videos, mute participants, control screen sharing and much more!
