Did you know? Shift happens 2014
“The right to privacy implies not just freedom from unreasonable search and seizure, but also the ability to identify and challenge such invasions, and to seek a meaningful remedy.”

What is a reasonable expectation of privacy?

Integration of technology & real life experiences.
The lines between the public and private are changing.
“The third state of privacy, anonymity, occurs when the individual is in public places or performing public acts but still seeks, and finds, freedom from identification and surveillance. He may be riding a subway, attending a ball game, or walking the streets; he is among people and knows that he is being observed; but unless he is a well-known celebrity, he does not expect to be personally identified and held to the full rules of behaviour and role that would operate if he were known to those observing him.”

The concept of Public Privacy was used in both —
