

# Make a difference in the **Environment and the Law** by becoming a CIAJ partner

**CIAJ's 49th Annual Conference** titled ***Environment and the Law: Protect or Develop—Is there a Choice?*** will bring together legal professionals and stakeholders from across Canada in **Vancouver, (BC) from October 28 to 30, 2025.**

Our conference will critically examine the intersection of environmental crises, legal implications, and human rights. Vital to the discussion will be the issues of climate change, land rights, and Indigenous people.

This conference will foster dialogue aimed at understanding and addressing these issues, encouraging participants to contribute to crafting forward-thinking solutions.

Together, we will explore the means to shape a legal environment that respects human rights, acknowledges the reality of environmental crises, and work toward a more sustainable and equitable future.
